CITY OF GLENDALE

Council Communication

Business-Voting Agenda

06/14/2005
Item No. 3

TO: Honorable Mayor and City Council

FROM: Ed Beasley, City Manager

PREPARED BY: Jon Froke, Acting Transportation Director
Chris Lemka, Senior Traffic Engineer

SUBJECT: **AWARD OF BID 05-10, TRAFFIC COUNTS**

Purpose

This is a request for the City Council to approve a contract with Field Data Services of Arizona, Inc., for traffic count and speed data collection.

Council Policies Or Goals Addressed

The collection of traffic data supports the council goal of managing growth and preserving neighborhoods by ensuring follow-up on neighborhood requests for traffic mitigation measures.

Background

Traffic counts and speed studies are performed to determine traffic volume and vehicle speeds traveling on residential, collector, and arterial streets. This information is used to respond to citizen concerns about traffic volume and vehicle speeds on residential streets and requests for STOP signs, neighborhood speed humps, and new traffic signals. Five bids were received to provide traffic counting and data collection services for the City of Glendale. The lowest responsive bid was submitted by Field Data Services of Arizona Inc. Currently, Field Data Services of Arizona Inc. collects traffic counts for the City of Phoenix, City of Surprise, and City of Casa Grande. The contract shall begin July 1, 2005 and continue for one year. The proposal specifications contain an option clause that will allow the city, at the discretion of the City Manager, to extend this agreement for four additional years in one-year increments.

Previous Council/Staff Actions

On July 11, 2000, the City Council approved Bid 00-30 for traffic counts. This contract officially expires June 30, 2005.

Community Benefit

The community benefit realized by the collection of traffic data is improved traffic flow. The Transportation Department would be able to determine the effectiveness of proposed neighborhood traffic mitigation or if an intersection requires signalization through this contract.

Budget Impacts & Costs

Funding is available in the FY05-06 Go! Transportation Program Traffic Mitigation Account No.: 25-6358-7330 and the Traffic Mitigation and Studies Account No.: 12-6326-7330.

Grants	Capital Expense	One-Time Cost	Budgeted	Unbudgeted	Total
			\$50,000		

Account Name, Fund, Account and Line Item Number:

Traffic Mitigation Account No.: 25-6358-7330

Traffic Mitigation and Studies Account No.: 12-6326-7330

Recommendation

Award the contract for traffic counts to Field Data Services of Arizona Inc., in an amount not to exceed \$50,000.
